Project Title:Smart Waste Management System For Metropolitan Cities

Negative moments

What steps does a typical person find frustrating, confusing, angering, costly, or time-consuming?

Software maybe corrupted

It's difficult to implement.

Issues with network connectivity could occur.

The method could be challenging for some people to comprehend.

Areas of opportunity

How might we make each step

To control waste in big cities

Promote trash management awareness among the public by organising educational campaigns

This will help to keep the environment clean.
